

WOMEN'S INTERNATIONAL LEAGUE FOR PEACE AND FREEDOM.
12 rue du Vieux-Collège, Geneva.

The W.I.L. Political Group in Austria, whose President is Yella Hertzka, published last year for "NO MORE WAR" a HYMN on Peace, of which we enclose some copies.

The Austrian Group authorises any of the sections to translate and use the Hymn and to exercise the copyright for their respective countries. Those countries wishing to use the German edition can get copies at the Austrian Head-Office at a very low rate.

Please write to the Geneva Office whether you wish to adopt this Hymn as it stands, or whether you want another text for it. The Austrian Section believes that it would be a wonderful thing to have a choir in Dublin to sing the Hymn on certain occasions. Therefore, it should be studied beforehand in each country whose delegates attend the Congress.
